Personal Information

Name: Laxmikanta Sarangi

E-mail: laxmikanta_s@hs.iitr.ac.in

Personal Profile Statement / Career Objective

I am fifth-year Ph.D. candidate in Economics at IIT Roorkee. My academic pursuits converge at the juncture of macroeconomic development related to productivity, firms and labor market dynamics. My primary research focus centers on understanding the dynamics of firms labor market power within and across industries. Additionally, I am deeply intrigued by the (mis)allocation of labor in the Indian manufacturing sector. I am also passionate about exploring topics related to globalization and industrial economics and the production theory related to Empirical IO. I am looking for collaborative research work related to my thesis topic.
